RE: LETTER OF REFERENCE OF PAST SUPPLY TO EMS WESTERN CAPE

Sparks and Ellis Uniforms have supplied Western Cape Government Health Emergency Medical Services with a full quartermaster service since being awarded the EMS Operational Uniform tender (TENDER NO WCDOH460) in 2014/15 financial year.

Their willingness to meet the client's need has been commendable and they have been a pleasure to deal with. Their supply to our department has been a success.

We can recommend them as a stable and competent supplier with the highest integrity.

Kind Regards
