Letter of Reference

Thorburn has had a harmonious business relationship with Sparks and Ellis as our uniform supplier since 2011. The management and staff have always been quick and willing to address and resolve any issues that we may have. Their products are of a high quality and their range diverse.

In 2016, through a cost analysis initiative Sparks and Ellis brought cost efficiencies, fresh ideas, and service enhancements to our business by presenting us with different uniform alternatives. This is the kind of supplier value that we as a company look for in our suppliers.

We have no hesitation in recommending their services and products.

Yours faithfully,

DOLF SCHEEPERS
CHIEF OPERATING OFFICER
