To Whom It May Concern

This is to certify that Sparks & Ellis supplied the Road Traffic Inspectorate (RTI) in KZN with uniforms

Thereafter, they have supplied us with various items of uniform from time to time as our new tender has not been finalised.

During this time the Department experienced service of an exceptional quality resulting in our traffic officers always being in a position to wear their uniforms with pride. The quality of uniforms supplied by Sparks & Ellis is excellent and so is the after sales service which exceeded expectations.

Yours Faithfully
